**DUAL ENROLLMENT ARTICULATION AGREEMENT
BETWEEN
THE SCHOOL BOARD OF HILLSBOROUGH COUNTY, FLORIDA
AND
THE DISTRICT BOARD OF TRUSTEES OF HILLSBOROUGH COMMUNITY COLLEGE**

This Agreement is entered into on this 6th day of June, 2023, between the District Board of Trustees of Hillsborough Community College, Post Office Box 31127, Tampa, Florida 33631, herein referred to as “**HCC**” and the School Board of Hillsborough County, Florida, 901 E. Kennedy Boulevard, Tampa, Florida 33602, herein referred to as the “**SBHC**”.

WHEREAS, HCC and SBHC subscribe to the educational philosophy and policy that each individual student should have the maximum opportunity to enhance his/her learning opportunities in courses suited to his/her educational, career, and personal needs;

WHEREAS, the State Board of Education (SBE) adopted Rule 6A-10.024, FAC, specifying that articulation agreements shall be executed between community college boards of trustees and district school boards within each community college district;

WHEREAS, the SBE adopted Rule 6A-14.064, FAC, establishing requirements and standards for college credit dual enrollment;

WHEREAS, HCC and SBHC desire to implement the above rules by creating high-quality opportunities for high school students to pursue college-level instruction, through an articulated acceleration program;

WHEREAS, HCC and SBHC have agreed, therefore, to undertake the study and development of cooperative programs to maximize the potential of each institution to meet the needs of an increasingly urban society. The programs named and outlined in the following sections permit any student enrolled in one of the schools to take full advantage of the educational opportunities offered by the other and without penalty or undue administrative problems;

WHEREAS, this Agreement is promulgated by Rule 6A-10.024, FAC, and 6A-10.0315, FAC, 6A-14.064 College Credit Dual Enrollment and Sections 1007.22, 1007.271, and 1008.30, Florida Statutes.

NOW THEREFORE, in consideration of the mutual promises stated herein, the parties agree to cooperate in the establishment, maintenance, and implementation of articulated acceleration mechanisms between HCC and SBHC, for the consideration hereinafter described, and agree as follows:

ARTICLE I. Term

The term of this Agreement shall be from June 30, 2023, until June 30, 2024. This Agreement shall be reviewed annually. If a Party to this Agreement has proposed modifications, both parties agree to consider the proposed modifications. Upon reaching an agreement, the parties will

enter into a new Articulation Agreement, which shall be executed by both parties prior to high school registration for the fall semester to ensure that an Articulation Agreement is in place for the Dual Enrollment Program for the school year in question.

ARTICLE II. Program Description – This Agreement covers the following programs:

- A. Dual Enrollment: The Dual Enrollment Program is the enrollment of an eligible secondary student in a postsecondary course creditable toward an associate or baccalaureate degree or a career and technical education certificate. As an articulated acceleration mechanism between HCC and SBHC, the Dual Enrollment Program shall serve to shorten the time necessary for students to complete degree requirements, broaden the scope of curriculum options, and increase the depth of study available for a particular subject by offering college credit courses to eligible high school students. In compliance with Section 1007.271, F.S., the SBHC will weigh dual enrollment courses the same as advanced placement, International Baccalaureate and Advanced International Certificate of Education courses when grade point averages (GPAs) are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited. Students participating in dual enrollment will not be assessed application fees, matriculation fees, laboratory fees, or textbook costs.
- B. Early Admission: Early admission shall be a form of dual enrollment through which eligible students may enroll in HCC on a full-time basis in courses that are creditable toward the high school diploma and the associate degree. Early admission students are not eligible to participate in extra-curricular activities at their high school of record in accordance with school district rules, with the exception of high school athletics as per the Florida High School Athletic Association (FHSAA), but are eligible to participate in graduation activities. Early Admission is a two-semester program. At any point of entry into Early Admissions, a student will no longer be eligible to be the class valedictorian or salutatorian or to participate in the Tampa Tribune Honors Program. Students participating in the Early Admissions Program will not be assessed application fees, matriculation fees, laboratory fees, or textbook costs.

Nothing in this Agreement will prohibit the development of pilot programs agreed upon by HCC and SBHC for defined student groups. Eligibility requirements need to be specific to those programs.

C. Collegiate Academies: The Collegiate Academies shall be structured programs, currently at four (4) SBHC sites, where students have opportunities to earn an Associate in Arts (A.A) degree from HCC through dual enrollment opportunities. These sites shall develop site-based pathways for students to earn their Associate in Arts degree in consultation with representatives from HCC. These site-based pathways shall be revised and reviewed each spring by the Collegiate Academy sites, in consultation with SBHC district staff, as well as HCC staff to reflect the courses to be offered the following academic year. These revisions will be made based on anticipated staff and staff qualifications at each site for the following academic year. Student needs and interest will also be taken into account when developing and revising site-based pathways. When a need arises for individual students to complete their pathway to earn an Associate in Arts

degree on schedule, students enrolled in Collegiate Academy programs may be permitted to take up to twelve (12) credit hours for fall, twelve (12) credit hours for spring, and twelve (12) credit hours total for summer. In these circumstances, individual student need will be reviewed and approved by staff at the Collegiate Academy site, as well as by SBHC district staff. The names of the individual Collegiate Academy students with a need to take up to twelve (12) credit hours per term will be communicated to HCC. Students participating in dual enrollment through the four (4) Collegiate Academy sites will not be assessed application fees, matriculation fees, laboratory fees, or textbook costs.

Nothing in this Agreement will prohibit the development of pilot programs agreed upon by HCC and SBHC for defined student groups. Eligibility requirements need to be specific to those programs.

ARTICLE III. Program Management and Quality Assurance

SBHC shall recommend qualified faculty for dual enrollment classes taught at the high school campus. All faculty members must meet or exceed the academic and professional preparation requirements for teaching at HCC. If no high school teacher qualifies as an adjunct instructor, HCC faculty will be used or the class will be cancelled. HCC shall supervise dual enrollment faculty. Dual enrollment faculty will attend in-service training each academic year.

HCC shall have an academic dean or the dean's appropriate designee evaluate dual enrollment faculty during the academic year. An academic dean or designee will make a classroom visitation after which a written evaluation will be provided to the dual enrollment faculty member for his/her signature. The evaluation will be maintained on file by HCC and a copy shared with Assistant Principal for Curriculum at each school site.

HCC shall also evaluate dual enrollment faculty by their students. The classroom visitation and questionnaire will be used by HCC to maintain instructional quality for the students in the Program and will be shared with SBHC.

HCC reserves the right to terminate the employment of a dual enrollment faculty member or not to re-hire a dual enrollment faculty member for succeeding dual enrollment courses.

Dual enrollment courses taught on the high school campus must meet all competencies expected and outlined in the college course plan. To ensure equivalent rigor with on-campus courses, final examinations for all dual enrollment courses delivered on the high school campus must be approved by the appropriate HCC contact. If final exams are included in the course, the exams will be provided to the high school campus dual enrollment instructor by HCC in a timely manner to ensure availability prior to scheduled exam dates. Completed scored exams will be returned to HCC and held on file for a period of one year.

At the end of the term, dual enrollment faculty will submit final grades to HCC, with a copy of those grades provided to the site Assistant Principal for Curriculum. These grades will be submitted by dates established and communicated by HCC staff.

Calendar: SBHC shall select and schedule dual enrollment classes using the high school's class and bell schedule and the SBHC's calendar in alignment with the minimum required minutes per

credit hour per term. SBHC shall make reasonable efforts to avoid conflicts in scheduling. HCC agrees to conduct dual enrollment courses at the high schools using the schools' class and bell schedule and the SBHC calendar. SBHC Instructors teaching during a traditional bell schedule must meet with students daily and in accordance with their sites bell schedule. Students eligible for dual enrollment shall be permitted to enroll in dual enrollment courses conducted during school hours, after school hours and during the summer term, provided that it does not conflict with SBHC Calendar. They may also enroll in courses offered through distance learning.

ARTICLE IV: Instructor Absence and Substitutions

In the event that an instructor is absent three days or less, substitution will be provided by the SBHC and arranged by the high school where the instructor's class or classes are located. If an absence extends beyond three working days, HCC and the Dual Enrollment Office will arrange and furnish the class with a substitute teacher. In the case of excessive absences (four days or more within a single nine week course, six days within an eighteen week course, or three days within a shortened course) by an adjunct faculty member provided by HCC, the SBHC may ask for a replacement to be assigned to the class immediately, or at the beginning of the next scheduled course. The request for a replacement will be made by the High School Principal or the Assistant Principal for Curriculum and will be implemented by the HCC Dual Enrollment Office.

ARTICLE V. Ratification of Existing Agreements

The signing of this Agreement shall attest to the ratification of all existing articulation agreements between HCC and SBHC.

ARTICLE VI: Opportunities for Student Participation in the Dual Enrollment Program

SBHC and HCC will work collaboratively to notify students and their parents of dual enrollment acceleration mechanisms. SBHC shall inform all eligible secondary students and their parents of dual enrollment as an educational option and mechanism for acceleration, including the eligibility criteria, the option for taking dual enrollment courses beyond the regular school year, the potential for dual enrollment courses to articulate as an elective or a general education course in a postsecondary degree or certificate program, and the process by which students and parents exercise their option to participate in dual enrollment. This information shall be included annually in the Student Progression Plan. HCC will work with each high school to provide course lists for their curriculum guides, coordinate inquiries from parents and students (with high school guidance staff), and will communicate directly with parents and students about dual enrollment options as appropriate.

ARTICLE VII: Dual Enrollment Courses and Programs Available to Eligible Students

Dual enrollment college credit courses shall be those courses that are recommended to the State Board of Education by the State Articulation Coordinating Committee meeting high school graduation requirements, and identified on the Dual Enrollment Course Equivalency List. Career dual enrollment courses must lead toward an approved industry certification from the Postsecondary Industry Certification Funding List. Students who wish to enroll in other HCC courses for dual enrollment credit will obtain the high school course equivalency from the high school guidance department. All high schools shall accept these postsecondary courses toward

meeting requirements of Section 1003.43, Florida Statutes. Courses offered are limited to general education courses or courses that are part of the Associate in Arts (A.A.) degree program requirement. Courses that are part of an A.S. degree program requirement may be offered on the school district site if all students in the course are pursuing the associated A.S. degree. Exceptions to this requirement may be considered if the high school provides evidence that the course offered at the school district site is included in the students' A.A. pathway.

Student may not enroll in physical education, college preparatory courses, education courses requiring field experiences unless they are part of the student's approved HCC educational plan, and courses with less than three credit hours unless they are a) co-requisites for other courses, b) the IDS 2891 Connections course, c) two-credit hour music or dance courses.

Wherever possible, if a course is offered at a school district site, then the students must take the course at the school district site.

High schools must notify HCC in advance by the established deadline, of the courses that they will be offering on their sites. If high schools do not notify HCC of their scheduling needs by the deadline, the courses that they wish to offer may not be approved.

ARTICLE VIII: Process by Which Students and their Parents Exercise Options to Participate in the Dual Enrollment Program

In order to receive HCC credit in dual enrollment courses, high school students will be required to complete an HCC Dual Enrollment Application for Admission. They also will be required to submit appropriate test scores as well as follow the registration process as outlined in the HCC Dual Enrollment Website. Specific [instructions](https://www.hccfl.edu/admissions/dual-enrollment-and-early-admissions) are provided on the dual enrollment website: <https://www.hccfl.edu/admissions/dual-enrollment-and-early-admissions>.

ARTICLE IX: Student Eligibility Requirements for the Dual Enrollment Program

No additional initial student eligibility requirements exist beyond the statutory eligibility requirements for participation in the dual enrollment program, as set forth in Section 1007.271, Florida Statutes.

ARTICLE X: High School Credit Earned for Dual Enrollment Courses

Students enrolled in dual enrollment courses shall earn both high school credit from the SBHC and college credit from HCC if they meet the minimum requirements for satisfactory completion of dual enrollment courses. Students who complete a three (3), four (4) or five (5) credit dual enrollment course at HCC with a passing grade will earn at least one-half (.5) credit in the designated subject towards the high school diploma and/or credit assigned by the Dual Enrollment Course Equivalency List. Students who complete courses of less than three (3) credits may earn one-half (.5) credit in elective credit.

Students attending dual enrollment classes at a high school or other location not located on a physical HCC campus shall be limited to earning twenty four percent (24%) of coursework towards an associate degree. Any high school wishing to offer more than twenty four percent (24%) of coursework towards an associate degree may work with HCC on meeting accreditation agency requirements to that effect.

Dual enrolled students are limited to ten (10) credit hours for fall, ten (10) credit hours for spring, and ten (10) hours total for summer. Dual enrolled students are not permitted to pay out-of-pocket to take classes exceeding the ten (10) credit hours per term limit.

ARTICLE XI. Process for Informing Students and their Parents of College-Level Course Expectations

All dual enrollment students and their parents or guardians will be required to sign the HCC Student/Parent Agreement prior to the student's initial registration. The Agreement includes details about college-level course expectations. Dual enrollment students taking SLS 1106 will also be required to complete an educational plan and meet with an advisor during their first term at HCC. If the student is pursuing an A.A. degree with HCC, the student will be required to enroll in SLS 1106.

HCC and SBHC shall provide advising services regarding its educational programs to students participating in the Program. Dual enrollment students also have access to HCC academic counseling services and may make an appointment to see advisors or counselors. Both HCC and SBHC will ensure that students and their parents are informed that dual enrollment courses are college courses and resultantly, the increased amount of work that may be necessary to succeed.

ARTICLE XII: Determining Exceptions to the Required GPAs

Per Section 1007.271, Florida Statutes, student eligibility requirements for continued enrollment in college credit dual enrollment courses must include the maintenance of a 3.0 unweighted high school grade point average and for career certificate, dual enrollment must include a 2.0 unweighted high school grade point average. Exceptions to the required grade point averages may be granted on an individual student basis if the student submits a petition for reinstatement that includes a performance improvement plan. HCC and SBHC representatives will review the petition and approve or disapprove continued eligibility of the student. If the petition is approved, the student is limited to one retake of a course while enrolled in the dual enrollment program. High School students who do not meet dual enrollment eligibility criteria may not pay for HCC classes out of pocket.

The School District of Hillsborough County sponsors a summer dual enrollment program (Project Quest) for students eligible for services in the following programs: Specific Learning Disabilities (SLD), Emotional Behavioral Disabilities (EBD), Orthopedically Impaired (OI), Deaf/Hard of Hearing (DHH) and Visually Impaired (VI). This dual enrollment program is offered to rising senior students enrolled in SLD, EBD, OI, DHH, and VI programs who are pursuing a standard diploma, maintaining a GPA of 3.0 (or better), have passed at least one section of the FSA or FSAA and have a teacher recommendation. Project Quest will provide eligible students an opportunity to earn both college (6 elective) and high school credits (1 elective – .50 for each course).

ARTICLE XIII: The Registration Policies for Dual Enrollment Courses as Determined by the Postsecondary Institution

Registration policies for students vary according to whether students are enrolled in courses on an HCC campus or on a high school campus. Students must adhere to the published dual

enrollment deadlines available on HCC website. For either case, dual enrollment students cannot take college preparatory courses, physical education courses, education courses requiring field experiences unless they are part of the student's approved HCC educational plan, or courses less than three credit hours unless they are a) co-requisites for other courses, b) the IDS 2891 Connections course, c) two-credit hour music or dance courses,

Registration Process for Dual Enrolled Students Taking Courses at a Public High School

Prior to the beginning of the term, the dual enrollment office establishes a master schedule of all courses that will be offered at high school locations. The HCC Dual Enrollment Office will coordinate with the SBHC Supervisor/Generalist of Secondary Education to collect and review rosters from the high schools and ensure students are registered in appropriate sections.

ARTICLE XIV: Exceptions in the HCC Faculty Handbooks

The parties agree that no exceptions are made to the professional rules, guidelines and expectations included in the HCC Faculty and Adjunct Faculty Handbooks. A dual enrollment handbook is provided to dual enrollment faculty.

ARTICLE XV: Exceptions in the HCC Student Handbook

Students are allowed one attempt per course under the Dual Enrollment Program. An exception to the one attempt requirement may be granted on an individual student basis if the student submits a petition for reinstatement that includes a performance improvement plan. HCC and SBHC representatives will review the petition and approve or disapprove continued eligibility of the student. If the petition is approved, the student is limited to one retake of a course while enrolled in the dual enrollment program.

Graduating seniors are not eligible for dual enrollment status, including fee exemptions, during the term immediately following their graduation date, even if the registration period or college classes begin prior to the students' actual graduation dates.
