ASSOCIATE IN ARTS DEGREE (AA)	ASSOCIATE IN SCIENCE DEGREE (AS}
The AA degree is designed to transfer to senior universities. It is protected by the Articulation Agreement among all public Florida institutions of higher education. A student who is awarded an AA degree by HCC has met the general education requirements for admission to the upper division of public universities. Students who intend to transfer to a four-year college should follow the appropriate HCC university transfer major compatible with the college's program. The following codes should be used to indicate areas of interest prior to graduation.	The AS degree is awarded to students who successfully complete one of the technical programs. These areas of study are designed primarily to prepare students for immediate employment. However, credits earned for some courses in these programs are acceptable to senior colleges or universities if the student should decide to continue toward a four-year degree. **Most Health Science programs are limited access and may not be listed below. Students interested in a Health Science program should initially choose the academic program code AS.HEALTH. Additional information is available at http://hccfl./depts/healthsci.**
