HOW CAN I PROTECT MY RETIREMENT

Long Term Care Insurance Helps Protect Your Assets

Over the course of a lifetime, you save and invest to reach many goals - a comfortable retirement, travel, a second home, a legacy for your heirs or a favorite charity. But accumulating assets is only one part of your financial plan - the other is protecting what you've saved.

When you make long term care insurance part of your financial plan, you're taking a vital step toward reaching those goals. Don't let the high cost of long term care interfere with your plans and dreams.

One year in a nursing home or 24-hour home care can cost more than $66,000 today¹.

Long Term Care Insurance Provides More Quality Time for You and Your Family

Just as important as the impact of long term care can have on your financial security and independence is the emotional effect that it can have on you and your family. Caregiving is an act of compassion done out of love and concern for others. But so many factors, including distance, work, time, and other responsibilities, make it difficult and stressful for family and friends to do as much as they might like to help family members in need.

Long term care insurance saves you from having to rely too much on your family for financial help or physical assistance. It covers personal care assistance from licensed health care and home care professionals that you can receive at home as well as in care facilities. This protection ensures that the time you spend with your loved ones is more rewarding and enjoyable.

Long term care insurance enables caregivers to spend more "quality" or companionship time with disabled elders rather than having to provide hands-on assistance with such activities as bathing, using the toilet, and other personal care tasks².

For more information about how long term care insurance can help protect your retirement and ensure quality time with your family, Contact Us.

The long term care insurance policy describes coverage under one policy, exclusions and limitations what you must do to keep your policy in force and what would cause your policy to be discontinued. Contact your licensed representative or John Hancock for more information, costs and complete details on coverage.
