Welcome to Hillsborough Community College’s Music Department! We are thrilled to have the opportunity of serving your music education needs.

Learning about any subject matter is always an exciting adventure. But learning about music and how to perform on your chosen instrument is the most engaging, rewarding, enlightening and fundamentally fun thing I can imagine! If you are ready to commit to the lifelong quest for musicianship in all its contexts, or even if you just want to ‘get your feet wet’, we are here to help. Our faculty of versatile performing musicians (many of whom perform with The Florida Orchestra) and low student/teacher ratios, coupled with very low tuition and fees make getting an A.A. Degree in Music from HCC not only an academically sound choice, but a financially wise one as well.

This Handbook contains the information you need to navigate through the A.A. Degree with Emphasis in Music. It includes the degree outline, course descriptions, faculty biographies, policy statements and much more. Please take a few moments to read it through as this is the document that will first be referenced should any questions or issues arise.

Our sincere hope is for you to have a successful and enjoyable, yet challenging, academic experience with us here in HCC's Music Department.

Best wishes,

Kenneth Hanks

**MUSIC DEPARTMENT EVENTS FOR FALL 2011 SPRING 2012**

The Calendar for the Music Department can be found at:

[http://www.hccfl.edu/yc/music/music-department-calendar.aspx](http://www.hccfl.edu/yc/music/music-department-calendar.aspx)
MISSION STATEMENT OF THE HILLSBOROUGH COMMUNITY COLLEGE DEPARTMENT OF MUSIC

Recognizing that music is among the oldest of art forms with a history and tradition that has been touched by many of the greatest minds in human history, and that its value and worth speaks to the intellectual fabric and emotional soul of society far exceeding mere entertainment and commercial usage, our mission is to bring awareness of and appreciation for that history, tradition and worthy current trends to new generations of students and the community we serve.

GOALS

The primary goal of Hillsborough Community College’s Department of Music is to provide its students the opportunity to learn skills necessary for advancement to the next level of musical education, typically the transfer to a university Bachelor of Music or Bachelor of Music Education program.

The secondary goal of Hillsborough Community College’s Department of Music is to provide the local community with cultural experiences in the form of concerts and recitals performed by our students, faculty and guest artists. Additionally our ensembles, student performers and faculty are available for outreach programs.

OBJECTIVES

Hillsborough Community College offers a course of study in music that roughly parallels the first two years of music study at a four-year institution. Required course offerings include a four-semester sequence of music theory/aural skills, applied music lessons (instrumental or vocal), and ensembles both large and small. Suggested additional course offerings cover the areas of piano proficiency, musical theatre and the use of MIDI technology.

The Music Department employs a faculty of experienced educators and professional performing musicians. Students have the opportunity of gaining instruction from mentors who have not only gone through the academic process themselves, but who can pass on a wealth of professional performance skills and know-how.

Students have numerous performance opportunities through student recitals and ensemble concerts. Additional opportunities occur through community needs and invitations to perform for various causes.

MUSIC AT HCC

TWO PRIMARY OBJECTIVES

The study of music in an academic environment is a rigorous undertaking. It is not for the faint of heart. You will have to work harder and longer than your counterparts in most other fields of study. The music faculty assumes that one or both of the following are true:

You have a desire and passion to become the best musician possible.

You desire to use HCC as a starting point toward reaching higher educational goals in the field of music.
Your two primary objectives then, are to become an outstanding musician and to continue your education to at least the bachelor’s level.

Regarding the first objective, we further assume that you look forward to the fun and challenge of performing solo and in ensembles, and taking lessons with our outstanding faculty. To get the most out of your time here, however, you must be prepared for rehearsals and lessons. This requires many hours per week of work outside the rehearsal room and teaching studios. You will generally be expected to practice from two to four hours per day on your instrument. Remember that you are developing a skill that integrates body, intellect and emotion.

**BODY**
The first step toward effective performing is mastering the physical coordination to play a given piece of music. This only comes through many hours of practicing the fundamental techniques of your instrument.

**INTELLECT**
Musically speaking, intellectual development comes through the study of theory and history where you will learn to understand the structural/compositional aspects of your music and the historical context from which it was spawned.

**EMOTION**
Only after the mastery of the physical and intellectual aspects of music making, will you perform with the emotion and passion to move your listeners. This is your ultimate goal as a performer!

Regarding the second objective, your goal is to be awarded an Associate of Arts Degree with Emphasis in Music. This degree has two basic components. The first is 36 hours of General Education courses plus a one-hour Capstone course. The second is 28 hours of music electives. You may consult the current HCC Catalog for General Education Requirements. The music electives break down into four categories, three of which constitute required coursework:

**REQUIRED THEORY/SIGHT SINGING & EAR TRAINING**
This is a four-semester sequence totaling **16 hrs.**

**REQUIRED APPLIED MUSIC LESSONS**
You will take four (4) semesters of performance-oriented courses involving private lessons on a weekly basis. This totals **8 hrs.**

**REQUIRED ENSEMBLES**
You will take four (4) semesters of ensemble totaling **4 hrs.** You must perform in an appropriate ensemble concurrently with taking Applied Music courses. For example, voice lessons require chorus. Brass, woodwind and percussion require either Concert Band or Jazz Band. String instruments link to the Hillsborough Community String Orchestra. Pianists must take two (2) semesters of chorus and two (2) semesters of piano ensemble.

**RECOMMENDED COURSES**
You are strongly advised to take four (4) semesters of class piano (1hr./term) and at least two (2) semesters of secondary applied coursework. Voice majors are encouraged to take Musical Theatre
Workshop, and all music students should take Intro to MIDI since the use of technology is so prevalent in music today.

Please note: It is imperative that the music student begins music coursework *in the first semester* of study. Do not wait or you will be out of sequence!
Facilities and Equipment

The Music Department of Hillsborough Community College is housed in the Performing Arts Building on the Ybor City Campus. This is located on the N. W. corner of 15th Street and Palm Avenue in historic Ybor City.

The majority of your musical activities will take place on the building’s first floor. This is where the classrooms for theory, class piano and MIDI (YPAB 103) are located as well as the rehearsal hall (YPAB 134), ensemble room, percussion studio, practice rooms, teaching studios and instrument storage lockers. Also on the building’s first floor are the studio theatre and the Ybor Campus Art Gallery. On the second floor is a 260-seat auditorium where the majority of music department events are staged. On-stage are two nine-foot Steinway concert grand pianos and virtually all our concerts/recitals are recorded direct to CD. The building’s third floor consists of four general use classrooms.

Practice Rooms are available on a first come, first served basis. They are generally open from 7:30 a.m. until 9:30 p.m. and are not available for use on weekends or holidays.

Lockers are available to anybody that needs one for the storage of an instrument. You must use a school lock on the storage room lockers. Please see Mr. Winslow for locker assignments.

Piano/MIDI Lab is available for your use, but you must ask a faculty member for access. Due to the amount of expensive equipment in this room, we must keep it secured at all times when not occupied. Finale Notation Software is on every computer and MIDIed to the pianos. MacGamut ear-training software is on every computer, however, you will need your MacGamut Start-up File Student CD to access the program. For those of you who like to sequence your own songs, there are 10 stations in the back of 103 that have SONAR installed.

College-owned Instruments: The department has a small number of instruments available. Please see Mr. Winslow about availability and to fill out a check-out form.

General Information

Academic Advising

The music discipline is somewhat unique in the academic environment. As a music student you need the most accurate information possible with regard to the coursework you are to take. We encourage you to check with Mr. Hanks or Mr. Winslow prior to the end of drop/add each term to ensure correct placement and registration in your music courses.

Accreditation

Hillsborough Community College is accredited by SACS (Southern Association of Colleges and Schools). Therefore, your degree will be from an accredited institution. Additionally, HCC is an accredited member of the National Association of Schools of Music (NASM). This is the only nationally recognized body granting accreditation to music units of community/junior colleges, private and state universities, and conservatories of music throughout the country. There are 550 Baccalaureate and/or Graduate Degree-Granting Institutions that have NASM accreditation. By contrast, there are only 21 community/junior colleges nationwide that have been accredited by NASM (as of April 2003). We are currently working toward our first renewal of accreditation and have our site-visit scheduled for March of 2011. We hope you will cooperate fully with the visitation
team and answer any questions they pose with honesty and thoughtfulness. As the time draws
closer, we will involve students in very important ways and keep you informed of the progress.

BOOKSTORE
Ybor City Campus Bookstore
2001 North 14th Street
Tampa, FL 33605
(813) 253-7615

This building is located on the northwest corner of Palm Avenue and 14th Street, directly across
Palm from the Cuban Club and across 14th from the newly renovated Ybor City Campus Performing
Arts Building. You will generally purchase course textbooks here. However, they do not deal with
printed music. You are expected to purchase your own printed copy of any music assigned by your
instructor. Copying music to avoid purchasing your own copy is 1) against the law, 2) a violation of
the college’s policies concerning copyright law and 3) unethical. Your private lesson instructor will
recommend local music merchants appropriate for your needs.

CAREER SERVICES
Consult the college catalog for information or visit:

GRADES
Grading is done entirely online. You may view final grades by logging into the HCC web site at
www.hccfl.edu and clicking on Web Registration; login; students; grades. You will need your
student ID # to establish a password. Grades will appear on the web two or three days after the
semester’s end.

LIBRARY FACILITIES
The Ybor Campus Library (YLRC) is located on 9th Ave., east of 15th Street. On the second floor you
will find the circulating collection and the reference section. The reference section houses a number
of excellent volumes, including the New Groves Dictionary of Music and Musicians. In our own
building (YPAB), room 134 (rehearsal hall) houses a collection of music scores and many recordings.
Students may not check them out, but are encouraged to listen to these recordings on-site. You
will also find that the online version of the New Groves Dictionary of Music and Musicians (2nd
Edition) is available by following this link
choose online databases, Arts and Humanities. There you will find the following resources:

- Art Full Text (Wilson)

### STUDENT CODE OF CONDUCT

Each year, HCC publishes a Student Handbook & Academic Planner. It is free and readily available in the advising areas of each campus. Students are expected to acquire a copy and acquaint themselves with all the policies regarding student conduct contained therein.

In addition to the college’s expectations regarding conduct, the Music Department asks students to use common sense and courtesy when in the Performing Arts Building (PAB). We desire to make all aspects of the facility available for student use, but you must always be aware of others’ needs, too.

- When using a practice room, close the door. Sound travels abundantly well in our building.
- Place *nothing* on the top surfaces of the pianos. They are *not* shelves for instrument cases, food, drinks etc.; the same with the benches. We are proud of the fact that all our pianos are quality instruments and excellently maintained. You should be, too! Treat them with respect. If you encounter a problem with any piano, report it immediately to Mr. Hanks.
- The practice rooms are for just that purpose – practice. Please do not monopolize a room by leaving your instrument or books there while you do something else. Also, please do not loiter in them just to talk; use the cantina or the lobby for those pursuits.
- If you wish to use the stage for practice or rehearsal, consult with Mr. Winslow or Mr. Hanks. Either teacher can check the schedule, let you into the auditorium and unlock the piano if needed. Please make every effort to request time on stage in advance so we can be sure the piano is out and the stage is clear of unnecessary equipment.
- Attend ALL classes and be punctual. This is especially crucial for ensemble rehearsals. Understand that any absence from a rehearsal places a hardship and burden on everyone else involved in the production. Absences must not occur without extreme cause!
- Come to your lessons prepared! You have a unique opportunity to study with an instructor that is a highly skilled performer. All our applied music instructors are professional musicians with an abundance of performance experience and knowledge of their instrument. Don’t waste their time by coming to a lesson ill prepared.

**HCC MUSIC CLUB**

The music faculty sponsors a student organization called the Hillsborough Community College Music Club. Membership is open to any HCC student that has six hours on the Ybor City campus, and is expected of our music students. Dues are only $5.00 per year and meetings are held twice a month on the first and third Fridays. The club has many functions, including but not limited to:

**Supporting the Music Program** by acting as a liaison between students and the Music Department faculty/administration. The department values student input and seeks to use the music club as its vehicle for official communication with students about pertinent issues.

**Supporting musical presentations** by acting as greeters and manning the donations table.

**Supporting the overall mission of the program** through fundraising efforts and spreading the word about HCC’s music program.

**Procuring funding** through involvement with HCC-Ybor Student Government Association. Principally, they procure SGA funding for participation in the annual Florida Community College Activities Association (FCCAA) Winter Music Symposium.

**Sponsoring the Performer of the Semester Competition.**

Additionally, involvement in the HCC Music Club can lead to leadership opportunities. You may be elected as an officer of the club, which always looks good to a receiving institution when transferring!

**PROCEDURES**

Following is a list of procedures involved with various aspects of your educational experience here. Please familiarize yourself with each of them.

**RECITAL ATTENDANCE**

Recital Attendance (MUS 1010) is a co-requisite of all applied music courses. Consult the recital attendance page of this handbook for the syllabus. You are required to attend a minimum of 10 recitals/concerts during each term of applied music study. To gain credit for your attendance, you must receive and keep the program from the event you attended. Legibly print and sign your name on the program.

For Music Department recitals, hand the program to an attending faculty member before departure. If the concert occurred off campus, place the program in the pouch on Mr. Hanks’ bulletin board (room 121) no later than one (1) week after the date of the event.

The department secretary will update and post results through Campus Cruiser every Friday throughout the term.
**ReCital Sign-up**

Those enrolled in Principal level private lessons are required to perform on a student recital once per semester. The student must secure the permission of their private instructor in order to perform on these recitals. We have five (5) or six (6) student recitals scheduled each term. Please complete the recital form found in shared files on Campus Cruiser/Mus 1010. Recitals are limited to 50 minutes of music. Once that limitation has been met, the recital will be closed.

**Jury Sign-up**

All students enrolled in Principal Freshman, Principal Sophomore or Pre-Principal Freshman B applied music courses are required to perform a faculty jury as part of their applied music grade. For students in the Pre-Principal Freshman level courses, performing a jury is encouraged, but is left to the discretion of your instructor. Two weeks before the date of juries, sign-up sheets will be posted on the Music Department Bulletin Board. It is your responsibility to do the following:

- Select and commit to a 10 minute time slot
- Download and print a Jury form from Campus Cruiser/MUS 1010/shared files.
- Completely fill out the jury form.
- Have your teacher sign it.
- Bring the completed form with you to your jury.

**Performer of the Semester Competition**

Each semester, the faculty selects one “performer of the semester” from the categories of woodwind, brass, percussion, guitar, bowed strings, voice and piano. Selections are based on the student’s jury performance. Depending on the calendar, two or three days after juries, the department will host a “Performer of the Semester Competition” where the selected students perform a public recital. At the conclusion, the attending members of the HCC Music Club and music faculty vote on an overall winner. The Music Club president presents the winner with a $100.00 cash award and the other six students with gift certificates to local music merchants. Participation in the Performer of the Semester Competition should be determined ahead of time by you and your teacher. If you decide to compete, indicate with a “yes” in the appropriate line of the Jury Sheet.
**MEET YOUR INSTRUCTORS**

At the heart of your music education at HCC lies an incomparable faculty of seasoned professional musicians and music educators. Treat them with respect and you will find them to be respectful in return, and ready to work hard for, and with you.

Pre-Principal Freshman Applied Music

Contact: Kenneth Hanks

Phone Number: 813-253-7686

Email Address: khanks@hccfl.edu

Office Hours: TBA

Meeting Time: To be determined by you and your instructor.

Course Description: This course is for the student who intends to be a music major, but who lacks the technique, music reading skills and/or performance experience proficiencies expected of a student wishing to register for the first semester college freshman level of applied music instruction. The course also serves those who are not music majors, but who wish to study an instrument on the college level. In such cases, enrollment is subject to space availability and instructor approval. Students may take 2 semesters, designated A and B. The co-requisite of MUT 1001 would applies only to the first, or ‘A’, semester.

Course Objectives:

Emphasis is on development of basic proficiencies. By the end of the second semester of study students must be able to do the following:

1. Major and relative minor Scales and arpeggios through 4 sharps and flats will be played in eighth-notes, two octaves, at a minimum of quarter-note=100, with legato and staccato articulations.

2. Etudes of late intermediate level will be mastered.

3. Repertoire of late intermediate level will be learned to a performance level with thorough understanding of style.

4. Sight-reading at an intermediate level.
Materials Required:

A metronome

Original copies of any music needed as required by the instructor. This is the student’s responsibility. Mechanical/electronic duplication of music to avoid purchasing a copy is against policy, not to mention illegal and immoral.

Grading System:

Attendance at all lessons is expected. The instructor will make available 13 one-hour lessons during the term. When notified in advance, a missed lesson will be made up based on the instructor’s availability. If no communication with the instructor occurs by the scheduled lesson time, the missed lesson will be forfeited. Two such un-communicated absences will result in a lowered grade. Three will result in an F grade. The instructor will award points for each lesson based on punctual attendance and degree of preparation. A faculty jury exam will be performed at the recommendation of the instructor. The final grade will be determined through evaluation of work done and progress made during the term.

Instructional Methods:

A lesson consists of one-on-one interaction between student and teacher. Evaluation is subjective, but driven by two basic criteria:

Has the student made progress since the previous week’s lesson?

Has the student done what the instructor has asked of him?

The answers to these questions are determined through critical evaluation by the teacher of the student’s performance in the lesson.

Office Hours: TBA

Meeting Time: To be determined by you and your instructor.

Course Description and Pre-requisites: This course is designed for the music major to improve technical skills, musicianship and to study appropriate repertoire with emphasis on stylistically accurate performance practices. Students must either:

Audition successfully for placement in this course

or

Have successfully complete the MV_ 101_ courses

Goals: To learn effective practice habits, to develop musical style and interpretation, and to prepare for public performance and/or juries at the end of the semester.

Instructional Methods: A lesson consists of one-on-one interaction between student and teacher. Evaluation is subjective, but driven by two basic criteria:

1) Has the student made progress since the previous week’s lesson?

2) Has the student done what the instructor asked of him?

The answers to these questions are determined through critical evaluation by the teacher of the student’s performance in the lesson.
**Lesson Times and Attendance:** Attendance at all lessons is expected. The instructor will make available 13 one-contact hour (contact hour equals 50 minutes) lessons during the term. When notified in advance, a missed lesson will be made up based on the instructor's availability. If no communication with the instructor occurs by the scheduled lesson time, the missed lesson will be forfeited. Two such un-communicated absences will result in a lowered grade. Three will result in an F grade. The instructor will grade each lesson based on punctual attendance and degree of preparation. The final grade will be determined through evaluation of work done and progress made during the term.

**Materials Required:**

A metronome

Original copies of any music needed as required by the instructor. This is the student's responsibility. Mechanical/electronic duplication of music to avoid purchasing a copy is against policy, not to mention illegal and immoral.

**Work Requirements:** The student will be assigned work in various areas of technique, skills (such as scales, arpeggios, sight reading ...) and repertoire weekly. A minimum of three hours daily practice (two hours for vocalists) is recommended for a two credit-hour course.

**Ensembles:** All students enrolled for Principal Freshman and Principal Sophomore applied music courses must register for a minimum of one performing ensemble during each semester of study.

**Jury Examinations:** All Principal Freshman and Principal Sophomore applied students will perform at a scheduled jury examination at the end of the term. A jury exam sign-up sheet will be posted on the department bulletin board (by the 3rd floor elevator) two weeks before the jury exam. It is the student's responsibility to select and commit to a time for this exam. Successful performance at the jury is necessary for continuation and advancement in applied lessons. Failure to perform a jury will result in lowering the grade by one letter.

**Advancement Procedures:** After satisfactory completion of a minimum of two semesters of Principal Freshman level, a student may advance to the Principal Sophomore level. All students who wish to advance from freshman to sophomore level must perform on a student recital and perform an advancement jury, no exceptions. All students who wish to graduate after completing a minimum of two semesters sophomore level course work must share a recital and must perform an advancement jury, no exceptions. All repertoire is subject to departmental approval and only students currently enrolled at H.C.C will be granted recital privileges. Failure to perform in a student recital will result in lowering the grade by one letter and no advancement will be granted.

**Recital Performance:** Students are required to perform a prepared solo, or participate in a chamber ensemble performance at least once during the semester on a student recital.

**Final Grade:** The student's grade will be based on an evaluation of his/her effort, improvement, musicality, mastery of skills in performance as well as the quantity of work accomplished and the quality of lesson preparation and jury performance.

**Recital Attendance**  
**Mus 1010**

Music Department  
Mr. Hanks: 253-7686  
khanks@hccfl.edu

**Course Description:** Students in this course are required to attend recitals and concerts approved by the Hillsborough Community College Music Department. This course is required of all students enrolled in Applied Music principal and secondary instrument/voice courses. It is a non-credit course, graded on an S/U (Satisfactory/Unsatisfactory) basis.

**Course Co-requisite:** MUS 1010, Recital Attendance, is a co-requisite of all MVx, Pre-Principal Freshman, Principal Freshman, Principal Sophomore, Freshman Secondary Applied and Sophomore Secondary Applied courses.

**Course Objectives:** The objective of this course is to better ensure the development of your critical listening skills. Being a music student places upon you the responsibility of experiencing ALL aspects of the music world. Listening to live concerts of good music inspires you to work harder, striving for higher standards. Additionally, you become aware of the music written for instruments other than your own and, most importantly, you see others doing that to which you aspire.

**Course Requirements:** Students are required to attend no fewer than 10 recitals/concerts for a grade of Satisfactory. Less than 10 will result in a grade of Unsatisfactory. Of the 10 required recitals, you must attend a majority (one more than half) of all HCC Music Department recitals and concerts in a given term. Keep in mind that while an S/U grade will not affect your GPA, it does go on your transcript. Receiving four-year institutions to which you apply for transfer will recognize a ‘S’ (Satisfactory) grade as something positive in your work ethic and commitment to being a musician.

**Procedures:** HCC Recitals - Write your name on the program and hand it to an HCC Faculty Member. You will not otherwise receive credit. An HCC faculty member must be able to vouch for your attendance at the entire recital.

External events: Write your name on the program and place it in the pouch attached to the bulletin board outside PAB 303 (Mr. Hanks’ office). You must submit your program within one week of the event to receive credit.
**UNACCEPTABLE EVENTS FOR RECITAL ATTENDANCE CREDIT (MUS 1010)**

- Your performance in a concert/recital that is more than half the event.
- Dance recitals with TAPED MUSIC – must have live music throughout the performance.
- Concerts in an amusement park (i.e. Busch Gardens, Disney); parks (i.e. Lowry Park, Coachman Park); state fairs (i.e. Florida State Fair, Strawberry Festival). Exception made for Florida Orchestra concerts in the park.
- High school Band/Choral Competitions: FBA, choral, voice, orchestra, concert band. A public recital that is part of the final round in an artist competition, such as The Florida Orchestra’s Young Artist Competition, is allowable.
- Concerts in a House of Worship that do not have a program and/or do not comply with the syllabus.
- Special music in a House of Worship that is part of the service.
- Theatre plays that are not Musicals.
- Any event that has music as part of the event, but is not a concert.
- Any concert you are performing in that is repeated. You can only get one credit and you can only participate in \( \frac{1}{2} \) or less.
- Workshops, clinics, and master classes.
- Concerts in bars, night clubs, jam sessions.
- Events consisting of Rock, Pop, Country, Ska, Contemporary Christian, Gospel, Folk, World, Metal, Hip-Hop, Rap.....
- Performing in your own recital.
- Duplicate performances, such as going twice to the same orchestra concert.

All students receiving studio lessons at the MV_131_ and 232_ levels are required to participate in juries at the end of the term. Juries are a very important part of students’ music making experiences at HCC. The Music Faculty view the performances very seriously, and they expect well-prepared performances that should be delivered as professionally as possible. The final grade is impacted significantly by these individual performances.
